PROFILE

Engineering Business Management postgraduate at The Hong Kong Polytechnic University with one year of **R&D project management experience** in the **3D printing** industry. Familiar with cross-functional coordination, project tracking, issue follow-up, and product improvement workflows. Seeking internship or entry-level opportunities in technology project coordination, digital transformation, product operations, and advanced manufacturing in Hong Kong.

EDUCATION BACKGROUND

The Hong Kong Polytechnic University	Hong Kong China
MSc of Engineer Business Management	Feb 2025 - Jun 2026
China University of Geosciences Beijing	Beijing China
Bachelor of Business Administration	Sep 2020 - Jun 2024

PROFESSIONAL EXPERIENCE

Shenzhen Creality 3D | R&D Project Management | Shenzhen, China | Feb 2024 - Feb 2025

- Supported R&D project management for advertising signage 3D printer products, covering firmware, software, and hardware improvement workflows.
- Coordinated with R&D, engineering, and production teams to follow up on printing quality, machine reliability, and product optimization issues.
- Organized project follow-up records, meeting notes, action items, and issue tracking documents to support cross-functional communication.
- Assisted in hardware modification projects, including mechanical structure enhancement and sensor integration, by tracking testing feedback and potential delivery risks.
- Followed up on firmware upgrades for material compatibility and supported UI optimization tasks related to user experience.
- Built practical understanding of FDM 3D printing products, additive manufacturing workflows, hardware-software integration, and product improvement processes.

Formlabs Shenzhen | Project Management;SLA Finish Kit Workflow |Shenzhen, China | Jun 2025 – Nov 2025

- Benchmarked SLA Finish Kit workflow against user needs in cleaning efficiency, tool ergonomics, workflow integration, and accessory organization.
- Reviewed product documentation and user feedback to identify common pain points in post-printing operations and toolkit usability.
- Proposed improvement ideas for kit component design, workflow documentation, and post-processing user experience

China Merchants Bank Credit Card Center | HRBP Intern| Beijing, China | Jun 2023 – Sep 2023

- Collected and organized HR operational data using Excel and internal systems to support workforce planning and talent review.
- Prepared data summaries and reports to assist HRBP decision-making and operational monitoring.

SKILLS

- **Project & Business Skills:**Project Coordination, Milestone Tracking, Issue Follow-up, Meeting Documentation, Cross-functional Communication, Process Improvement, Product Delivery Support
- **Industry Knowledge:**3D Printing, FDM Printing, Additive Manufacturing Workflows, Hardware-Software Coordination, Product Improvement Support
- **Tools:**Excel, PowerPoint, SPSS, Python Basics, SQL Basics, Power BI Basics
- **Languages:**Mandarin Native, English Professional Working Proficiency, Cantonese Basic Listening Comprehension
